Таїнства Християнського Життя

Святе таїнство Хрещення

Хрещення – народження до нового життя у Христі

Отець об'являє і дарує нам вічне життя через Свого Сина у Святому дусі. Це життя нового творіння стає доступним для нас не тільки по смерті, але вже тепер. Через святі таїнства Хрещення й Миропомазання, разом із Причастям, ми з'єднуємося з Христом, стаємо в ньому спадкоємцями Божого життя, носіями Святого духа, який об'являє нам усю правду Христову, веде шляхами заповідей Христових і молиться в нас: «авва! – отче!» Через ці Святі таїнства ми стаємо членами тіла Христового й храмом Святого духа.

У розмові з никодимом Христос мовить про початок нового життя як про «народження з висоти». Це нове народження здійснюється «з води та духа». Відбуваючись в обряді хрещення водою, воно звершується силою Святого духа. Хрещення є для нас початком повноти життя, задля якого ми й були сотворені: «Йоан проповідував хрещення покаяння, і ціла Юдея сходилася до нього. Господь проповідує хрещення богосинівства, і хто з тих, що покладають надію на нього, не послухається? Йоанове хрещення було лише початком, Ісусове ж – завершенням. Те відводило від гріхів, це – єднає з Богом». У Хрещенні Бог не лише спасає нас від гріха, але й обдаровує неоціненними скарбами нового життя.

Хрещення – смерть і воскресіння в Христі

Христос, заради дарування нам участі в Божому житті й можливості жити свободою дітей Божих, звільняє нас від гріховного рабства, у яке ми потрапили через гріхопадіння адама й наші власні гріхи. Взявши гріх світу на Себе, Христос прийняв і остаточний наслідок цього гріха – смерть, яку Він переміг Своєю добровільною смертю на хресті. У Хрещенні Христос чинить нас учасниками Своєї перемоги над гріхом і смертю.

Наше входження в нове життя також починається «вмиранням для гріха», що є вмиранням із Христом, а завершується воскресінням із Христом: «Ми поховані з ним через Хрещення на смерть, щоб, як Христос воскрес із мертвих славою отця, ми теж жили новим життям». Своєю смертю й воскресінням та зісланням Святого духа Христос увів нас у Боже життя. Ми входимо в нього через нашу смерть і воскресіння у Христі та прийняття дару Святого духа. тільки через смерть «старої людини» християнин стає «новою людиною» – «новим творінням» у Христі.

The Holy Mysteries of Christian Life

The Holy Mystery of Baptism

Baptism Is the Birth to New Life in Christ

The Father reveals and grants us eternal life through his Son in the Holy Spirit. This life of the new creation becomes accessible to us not only after death, but even now. Through the Holy Mysteries of Baptism and Chrismation, along with the Eucharist, we are united to Christ. In him we become heirs of divine life, bearers of the Holy Spirit, who reveals to us the full truth of Christ. The Spirit leads us along the paths of Christ's commandments and prays within us: "Abba! Father!" Through these Holy Mysteries we become members of the Body of Christ and temples of the Holy Spirit.

In his conversation with Nicodemus, Christ speaks of the inauguration of the new life as a process of being "born anew" or "from above". This new birth is a birth "of water and the Spirit". Performed by water in the liturgical rite, it becomes a reality through the Holy Spirit's power. Baptism is for us the beginning of the fullness of life for which we were created: *John preached a baptism of repentance and the whole of Judea went out to him. The Lord proclaims a baptism of the adoption of sons. Among those who place their hope in [the Lord], who will not obey? The baptism of John was preliminary, that of Jesus a crowning accomplishment. The baptism of John was a break with sin; that of Jesus was union with God.* In Baptism, God not only saves us from sin, but also grants us the inestimable treasures of new life.

Baptism Is Dying and Rising in Christ

In order to make us partakers of divine life, and to enable us to live by the freedom of God's children, Christ frees us from the bondage of sin. We had descended into this slavery through the fall of Adam and our own sins. Having taken the sin of the world upon himself, Christ also accepted the ultimate consequence of this sin, which is death. But he overcame it by the death he freely accepted on the cross. In Baptism, Christ makes us partakers of his victory over sin and death.

Our entry into new life also begins with our dying to sin, which is a dying with Christ. But this dying culminates in our rising with him: "Therefore we have been buried with him by baptism into death, so that, just as Christ was raised from the dead by the glory of the Father, so we too might walk in newness of life". Through his Death and Resurrection and the sending of the Holy Spirit, Christ has led us into divine life. We enter into this life through our death and resurrection in Christ and by receiving the gift of the Holy Spirit. Only through the death of the "old self" can one become a "new person"—a "new creation" in Christ.

(586) 759-9300
www.cityofwarren.org

NOTICE OF CONSTRUCTION

Ryan Road Water Main Replacement and Road Resurfacing Project (10 Mile Road to 11 Mile Road)

As part of the City of Warren's commitment to maintaining its infrastructure, the City will be coordinating with Pro-Line Asphalt Paving to replace the water main and resurface the pavement along Ryan Road between 10 Mile Road and 11 Mile Road. The project is scheduled to begin the week of April 1, 2024 and is expected to be completed mid-November, 2024.

The project will include replacing the existing water main with a new 12-inch water main by directional drilling method along with installing new water services from the shut off box to the water main. In addition, the project includes partial removal of the existing asphalt pavement surface, removal and replacement of all curb and gutter, select repairs to the underlying concrete base pavement, select repairs of driveways, sidewalk ramp improvements, utility and drainage structure repairs and installation of a new asphalt pavement surface.

The project will be completed in three (3) stages to maintain traffic access and to provide a safe working and staging area for the contractor. Appropriate temporary traffic control and signage will be placed to provide guidance.

During the week of April 1, 2024, the Contractor will set up traffic control for stage one and begin the water main replacement. During stage one, bi-directional traffic (NB/SB) will be shifted to the east side of Ryan Road between 10 Mile Road and 11 Mile Road, maintaining one lane in each direction. The southbound lanes including the center turn lane will be closed. Upon completion of the water main work, the contractor will begin working on the pavement improvements using the same traffic set up. Once the pavement work on the west side of Ryan Road is completed, bi-directional traffic (NB/SB) will be shifted to the west side of Ryan Road, maintaining one lane in each direction. The northbound lanes including the center turn lane will be closed. During the third stage of construction, the paving contractor will place the final asphalt layer on each of the five traffic lanes using traffic flagging personnel.

During each of the construction stages, there will be left turn restrictions onto side streets and businesses to minimize traffic back-ups along Ryan Road while traffic is maintained one lane in each direction. In some cases, there will be side street closures in place to expedite the construction

schedule. For example, while the east half closure is in place, selective side streets along the east side of Ryan Road will be closed. There will be no access to Ryan Road from those streets.

During certain construction operations, it may be necessary to temporarily close a portion of a driveway, or a secondary driveway, to allow for repairs of the base pavement, curb and gutter, driveway, or sidewalk. The exact locations of the temporary driveway closures are not known at this time, but will be coordinated in advance with the business or resident owner by the field representative assigned to the project. Additional notices will be distributed to area businesses and residents throughout construction to provide information on upcoming paving activities and traffic staging changes.

During the water main replacement, there will be times when property owners may experience brief interruptions to their water services. All reasonable efforts will be made by the City and the Contractor to notify affected property owners prior to any water service interruptions. It is suggested that property owners keep extra drinking water on hand, as well as, a five-gallon bucket of water for flushing the toilet. Not every interruption is predictable and there may be instances where the water is turned off without notice.

The City will be operating water valves and flushing fire hydrants in the water main system during the water main work. This may cause a temporary discoloration of water. If you are experiencing any discoloration of water, check the water every 30 minutes to see if it has cleared by running the cold water for a few minutes. Avoid drinking, washing clothes or cooking with it until it clears up. If after 2-3 hours there is no improvement, please contact the Engineering Division at (586) 759-9300.

Regular work hours during construction will be 7:00am to 7:30pm, Monday thru Friday. If Saturday work is necessary, the working hours will be 8:00am thru 7:30pm. During the concrete pavement activities, extended working hours may be necessary to allow the contractor to saw cut relief joints into the new pavement to avoid random cracks.

We realize there will be inconveniences during construction, however it is our intention to address as many concerns as can be reasonably accommodated keeping in mind that portions of the road, driveways, and sidewalks must be closed to complete work. We apologize for the inconveniences this will create; however, with your cooperation, we can help to expedite the completion of the project.

Residents and businesses that utilize curbside refuse pickup shall continue to place garbage, compost, and recycling containers curbside as normal. It is recommended that property owners place their address on garbage or recycling containers. Also, mail service to your property will be uninterrupted during construction.

If you have a disability or other special needs, please contact the Engineering Division at (586) 759-9300 so that suitable arrangements can be made to assist you during construction.

Mayor Lori M. Stone and the Engineering Division staff would like to thank you in advance for your continued patience and cooperation during this important infrastructure improvement project.

Tina G. Gapshes, P.E.
City Engineer
